

Fistfights Under Neon Lights

The night is young, we are on fire
Trouble and riot is our desire

Fistfights under neon lights
Fistfights and violent nights

With every drink, with every hour
The moon rises, I feel the power

Fistfights under neon lights
Fistfights and cavemen vibes

Burn! Knife fight!

We're hell on wheels, don't look back
Cause Poisoned Speed is on your track

Fistfights under neon lights
Fistfights, violent nights

Fistfights, cavemen vibes
Fistfights, neon lights

Ale Jammer

Getting ready to start up the night
Don't care if we get into a fight
At the juke joint the bands playing loud,
Finish that smoke and get into the crowd
The dance floor is filled with tools,
Don't care, don't follow their rules
We are the last of a dying breed,
And their girls gonna end in our sheets

Speed and booze gets me loose
Stoned and hammered,
Don't care, we're ale jammers

Next day get outta my bed,
Flying high, can't feel my head
Don't tell me I'm the man you need,
Too fast for love, I'm built for speed

Speed and booze gets me loose
Stoned and hammered,
Don't care, we're ale jammers

Back on the road feeling good,
I live my life like I should
Why would I want a normal life,
A shitty car and a 9 to 5

Speed and booze gets me loose
Stoned and hammered,
Don't care, we're ale jammers

Winner

Baby I'm a winner
Won't be late for chicken dinner
I'm a midnight sinner
I told you I'm a winner

The way we strike
Around midnight
No place to hide
Like Bonnie and Clyde

Oh baby I'm the best
Fuck all the rest
Ride into night
Until the sun shines bright

Rebellion Of Human Garbage

Always outta luck,
Hungry for blood
Ready to ramble
Cause life's a gamble

Driving too fast
Cause all this won't last

Human garbage,
Social decay
Ride in the abyss
Hey hey hey

No boot lickin', only ass kickin'
Ain't gonna listen to what they say

No tomorrow, fuck today

Human garbage,
Social decay
Ride in the abyss,
Hey hey hey

Ride you fool!

Crash And Burn

Engines howling as we're thrashin' through the night
Nowhere you can hide, you're gonna lose this fight
The boys in black are back and we're all over town
There will be blood tonight and you are goin' down

Our way of life is nothing you can learn
Keep up with us and you will crash and burn

Heat is rising, the end is coming soon
The filthy crew is here to bring your final doom

Our way of life is nothing you can learn
Keep up with us and you will crash and burn

Poison Queen

Red lipstick, long hair
You call out, I'll be there
I'll be your poison king
Baby, be my poison queen

Poison queen
Fastest one on the scene

Walk is mean, talk is flirty
Gonna get it quick and dirty
Black leather, tight pants
Baby, I know where to put my hands

Poison queen
Fastest one on the scene

Luscious curls, bullet belt,
I'll be your dog, your heart won't melt
Too much, too fast,
I'm already in your past baby

Poison queen
Fastest one on the scene

Speed Will Succeed

You wanna play so cool
You wanna break the rules
You want the world in your hands
But you're not
Oh boy you're nuts

So get down on your knees
cuz Poisoned Speed will succeed

You wanna kick some ass
You wanna live so fast
You want, you want, you want
That's all you care
Oh boy you aint nothing but a square

Show me what a got boy!

Poisöned Speed

Born in a cave, fast and loose,
you don't feel save

We will fulfill your darkest greed,
Poisoned Speed is all you need

Faster, faster!

It hits you like a sucker punch,
too fast for love and out to lunch

Windows broken, doors unhinged,
the boys are back to seek revenge
